USAC Telephone Case # 96084

We have had 4 new people in the past year filling out our Erate paperwork. Two have since left the school. Between all of us, some information was misunderstood regarding the Erate process. Just today, we found out that our form **471** for the **2015-2016** school year has been completed but not certified (*2016-2017 school year is all set*). When we saw that the form has been "completed" we took it to mean that this 471 form was actually complete. We did not realize that after the form 471 was completed, that it then needed to be certified. The school has not received any notification from USAC OR our Service Provider (OSHEAN) that there was an issue with our application and therefore we thought that there were no issues with the 2015-2016 school year's funding. We are asking if we can please appeal so that we can certify form 471 (2015-2016) in order to obtain the funding we need to pay our bill to OSHEAN by 07/01/2016.

If you have any questions please feel free to contact us at anytime.

Thank you very much,
Joanne Dellaposta & David Annese
